

REMARKS

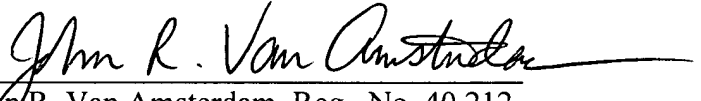

Applicant has amended the claims to add sequence identifiers. Specifically, claims 9 and 10 were amended. A revised Sequence Listing has been filed to include SEQ ID NO:57, present in claim 4 as now amended (see below).

Claims 4 and 5 also were amended to reflect the correct claims. In the Second Preliminary Amendment, Applicant amended claim 4 as if it were claim 5. The amendments to claims 4 and 5 presented herein restore claim 4 to its original form (as presented during the international phase) and make the same amendments to claim 5 as were erroneously made to claim 4 in the Second Preliminary Amendment.

Claims 12 and 19 were amended to correct a typographical error.

No new matter has been added.

Respectfully submitted,
